Diabetes , hypertension	Acupoints : Yongquan, Sanyinjiao, Neiguan
Varicose veins	Calf back
Wound	Apply it with a layer of gauze
Acne	Apply on acne
Fatigue	Cervical spine, lumbar spine
Insomnia	Sole
Full Body Maintenance	Cervical spine, Lumbar spine and sole

Precautions:

- One Sheet generally used for 24-48 hours.
- Apply on a flat surface of the body, effective around three inches.
- Drink a glass of warm water immediately after apply it to speed up the effect.
- Do not remove it during shower.

**Q : Can I apply more than 48hours?**

A : No. Even if it hasn't shedding after 48 hours, it still needs to be replaced. In 48 hours, body detoxifies through the skin, StemePatch may get a lot of toxins through sweat and dampness.

Q : Why did it shedded less than 24 hours ?

A : The first possibility is the body is severely lacking in nutrients, StemePatch sticked with nutrients, so it will become not sticky after body absorbs quickly. The second possibility is body's high dampness, the dampness discharge caused StemePatch becomes wet and lose their stickiness, can dried with a hair dryer and recycled use. The third may be incorrect use, such as apply on uneven, hairy or dirty skin surface.

Q : I tear it after an hour, can I store it for next use ?

A : No. StemePatch must be kept in sealed aluminum bags, it must be use immediately after take out.

Q : I have pain all over my body, is it need apply all over the body ?

A : No need. StemePatch effective around three inches, you only need to apply on your cervical spine, lumbar spine and soles to cover the whole body.

Q : Why do some people quickly feel StemePatch's hot, spice or cold, but I didn't feel it for a long time ?

A : Feelings vary according to personal constitution, everyone is different. Drinking a cup of warm water immediately after apply, it helps to speed up the effect of the StemePatch.

Q : Can i cut and use it ?

A : Yes, but discourage cutting too small. Since StemePatch is a solid product, it cannot ensure that all ingredients are evenly distributed, so cutting into too small pieces may affect the effect.

Q : Why do I feel itchy when I use StemePatch ?

A : You may be sensitive to an ingredient. If not, is that the body dampness is too heavy. You can apply on soles of your feet for two weeks, after dampness discharge, can apply on other parts.

Q : How to deal with the used StemePatch ?

A : Can thrown into trash or buried in the soil. StemePatch can be decomposed in the soil. It can be used as a fertilizer, which can shred the used StemePatch and buried in the soil of flower pots, very environmental protection.

2/3 of worldwide people being facing painful

According to statistics from the National Health Insurance Department(Taiwan):

- More than 70 million pieces of patch prescriptions per year.
- More than 720 thousand people use non-steroidal patches every year.
